BLESSING

A quotation in Rajasthani is quite meaningful – “Ek ekso eklo, do mil bavan veer”. To become two from one is giving invitation to a power. Terapanth Samaj is moving in both directions – physical and spiritual developments. Various organizations came into existence from time to time in Terapanth Dharam Sangh to serve multiple objectives. The aim of Terapanth Professionals Forum is a loop in this chain of objectives. The actions and responsibilities of talented and intelligent persons of Terapanth Samaj should get reflected before the society. They don't just have to be Professionals, they need to serve the Dharam Sangh and be a part of its ethical, spiritual and non violent experiments/programmes also. This conference of professionals being organized by the Forum is a significant initiative from this perspective. It is expected that it brings out some meaningful conclusions.
