

# ANNUAL REPORT 2015

**COMPASSIONATE  
CRUSADERS TRUST**

## ANNUAL REPORT 2015

The awareness on rights of our non-human companions are gaining ground. At Compassionate Crusaders, we call it 'Enlightened self-interest' as against selfish 'human rules the earth' attitude.

This year has been fulfilling, without being spectacular, for the Crusaders. Our varied lifesaving exercise in providing critical care & timely rescue of 'mutes' in distress; consequently offering necessary relief to caring citizens too, is welcomed by one and all.

Along with common Calcuttans who are by and large kind, one major achievement of Compassionate Crusaders have been in changing the attitude of the 'authorities'! Kolkata is unique in one humane aspect, here Army, Airport & Police have been taking our help & guidance in 'humanely' solving all animal related issues & problems.

Before CCT came into being, awareness about environment, animal rights, related human health issues were all quite vague and sporadic in our country. Now some of them have been accepted through legislation by our own country and even other civilized nations. Some more have reached the highest level of judiciary and the religious & community leaders.

We believe in Gandhiji's words, "Even if you're in a minority of one, truth is always the truth".

Sensitive citizens across the globe were shell-shocked by the stand of the Animal Welfare Board of India (AWBI) in publishing an advertisement sponsored by Animal Skin Traders. CCT's refusal to accept 'blood money' as grants from AWBI, even returning the grant in 2008 is hailed by all right thinking people and our support base has grown ever since!

You need regular sign-posts if you're to find your way along life's journey. Let me randomly quote some media headlines.

*Three chimpanzees rescued from animal trader's house* | TNN | Jan 23, 2014

*& Zoo stint starts for rescued chimps* TNN | Feb 20, 2015.

*Circus shut down, 2 arrested - ELEPHANT KEPT WITHOUT PERMISSION; KIDS MADE TO PERFORM* | The Telegraph | Wednesday, May 20, 2015

*Tiger kills mate in Delhi zoo* | HT New Delhi, April 26, 2014

*Tiger kills man in Delhi zoo after silently watching him for 15 minutes* IANS | Sep 23, 2014

*The cat has got bail.* | New Delhi, May 21, 2015: *Ustad, a tiger 'labelled a maneater', got a reprieve today, with the Supreme Court restraining authorities from keeping the feline in a cage.*

CCT's stand on complete 'unacceptability' of subjugation of animals under any pretext is vindicated almost every

day. The two incidents at the Delhi Zoo, the killing of a man by a tiger and a tiger killing a newly introduced tigress, has brought CCT's stand on 'caged zoo' in to focus.

Another most recent incident of rescue of a performing elephant from a circus.

The rescue of child-performers from the same circus has brought another important 'circus issue' in focus. CCT has been one of the first, in mid 1990s, to raise the issue of exploitation of human 'performers' in circuses. Most of the children (even a majority of the adults) are virtual bonded workers; devoid of basic insurance, post retirement benefits, even 'protection' in case of permanent disability due to injury during a performance.

These incidents covered by the media exemplified a ripple of compassion individually or institutionally among the general public as a result of our activity.

Dripping in of CCT's idea of active compassion to curb animal sacrifice and suggestions on 'blood donation camps' to replace 'blood shedding ritual' is catching up, even in remote villages.

CCT's vigilance against wildlife trade continues and has been instrumental in rescuing 3 chimpanzees from the clutches of international wildlife traffickers. No less to mention our anti-poaching drive and regular 'haul' of wild birds and turtles from the grey markets.

Campaign against "cattle smuggling" is showing results of our 10 year long interaction, person to person, from the

highest officer to the rank & file of the Border Security Force(BSF), the valiant protectors of our nation's boundary.

Show of compassion from young hearts continues; like last year, 30 students from the Delhi Public School (DPS) visited Karuna Kunj, this year too. Last year, they had adopted a tiny puppy (who had his hind legs crushed at a very early age), christened him Dipsite, after the 'http' of the DPS Alumni. It was touching to find some of them who were on a repeat visit, fervently inquiring about the latest status of Dipsite, till they were informed of his re-homing with a loving family. This apart there are regular young visitors & volunteers to cheer the 'mutes' in our care.

As a mark of respect to his fond memory, a friend's family has facilitated in creating ASHIS BHATTACHARYA MEMORIAL FUND with the Compassionate Crusaders Trust, as a corpus fund to support our 'care-givers of the mutes' in their effort in initiating primary education/ further studies for their children. This helps in creating a new generation of compassionate citizens, a dream, Ashis had nurtured! Like last year, this year too, two children of our non-executive staff members are given grant for a term's education.

To express our appreciation to our sincere workers and to commemorate CCT's journey to 'adulthood', the first scheme the Trustees have decided upon is to support all the children of our non-executive staff members through

a monthly direct deposit in the beneficiary's (child) bank account by way of recurring deposit for each child till he/she reaches the age of eighteen. This is to facilitate their career building as they become adults. It may be noted here, that some of the children are "first generation school goers."

The year before last, Compassionate Crusaders' Centre for Animal Welfare, popular as Tollygunge Clinic has had a complete makeover with additional facilities for treatment of the 'mutes' in cool comfort; thanks to the generous support from the compassionate Calcuttan couple, Mr. Subrato & Mrs. Subhra Ghosh. We continue to enhance the time and quality of treatment further, at our Clinic, a favorite of the caring animal lovers of our city.

Karuna Kunj also has had a sparkling makeover the year before, most significantly our staff there has been instrumental in implementation and maintenance of the upgraded facility. We have been adding to the facilities for fun-relief for the residents of Karuna Kunj. The Doggy-Kitty shower, unique in the country, continue to comfort them during oppressive summer heat.

Karuna Kunj cattery has become a Feline Disney Land, thanks To The Calcutta Construction Company, that has sponsored the extension of the Cattery. The Saturday Club's kind donation of the play-things like Jungle Gym, Slide, Swing for the enjoyment of the cats have acted like the icing on the cake!

Karuna Kunj pet-burial continues to offer dignified farewell to the departed ‘mute members the family’. The ‘Memorial to Every Loving Pet’ stands in all its gracious serenity, with the touching poem that brings a lump to all animal lovers’ throat! Now a solar powered lamp post, courtesy Mr. Pradip Mitra, brightens the serene space.

Our recyclable pet-burial idea is spreading in human communities globally. New consumer movement has been underway to promote natural burial grounds — where people are buried in biodegradable containers, without formaldehyde-based embalming fluid or synthetic ingredients, and returned to the earth to compost into soil nutrients with a forest of trees marking the spot — are springing up. Hundreds of sites offering some form of natural burial have emerged in the UK, Australia, New Zealand, the US and Canada, with other countries coming on fast. Citizen-driven movements in support of natural burial can now be found in Europe, China, Japan, Germany, and Africa.

“For equality he stood which we all agree,  
For animals everywhere, the right to be free.  
A tiny crusader, sent to earth from above,  
To teach us respect, compassion and love,  
For animals big and creatures so small,  
Domesticated wild, we must love them all.”

Wrote Mrs. Heather-mae Celins of Chelsea(Victoria), Australia as a tribute to my global-campaigner chihuahua, Sputnik Sylvells Mickeys Mustard.

Sputnik's Garden is an interesting addition to the rich greenery of Karuna Kunj, where about 80 varieties of trees and plants are recorded and documented. An area earmarked as a nursery of saplings and existing trees of about 50 varieties are nurtured in Sputnik's Garden. The saplings are multiplied regularly for free distribution to the children for greening the community. The garden along with the basic maintenance of the greenery, water body, Lilly pool etc. at Karuna Kunj are sponsored fully by Sputnik's family.

Sputnik's friend, our longtime volunteer Bhaswati (Pinky) Pande's Sputnik's Garden range of gift items under her own brand Smile & Mile's continues to bring smiles and spreading the message of compassion and supporting the 'mutes'.

Sheru Singh Memorial is piece of green & flowers in memory of Sheru, the departed pet of Kohli family. They wrote "Thank you so very much in assisting us to realize the power of love. We were so blessed to learn and share Sheru's love and compassion with many more souls than ever imagined. It is truly an honor to work with you and your staff in Kolkata. We are all related through love, a bond that is eternal. Sincerely, Veena, Honey, and Ruchi Kohli., Maryland, USA."

Fellow Calcuttans, Mr. Mohi Ranjan Halder and Rao sisters Uma & Lalita continue to be genuine supporters for the mutes, year after year.

We mention with gratitude, the kind gesture of the Hastings Chapel authorities for allowing us to park our Water Tanker for the animals round the year.

CCT sails through making best use of available resource, coming mostly from caring Calcuttans.

This year too, like last seven years, we have had no financial help from the Government, either central or state, nor related resources like “Local Area Development Fund”. By sheer improved financial management and optimum utilization of resources, yet again we have improved on our balance sheet without any financial liability.

This year we have been successful in enhancing our Project Expenditure to 77%; this in spite of increased expenditure on salary etc. CCT staff members are also adequately ‘compensated’ with additional service charges to meet the living cost.

Continuing on the positive trend of last five years, CCT has achieved a zero liability in this financial year 2014-15 also. Plainly speaking, no unpaid bills, whatsoever!

In addition we have put our allowable corpus as fixed deposit to sail through any rough weather so that the mutes in our care and their care-givers never feel the pinch of the happenings at large. All these are achieved by the dedicated and matured handling of the affairs by our wonderful young team.

Help has come, mostly, from the goodwill and support of the people of Kolkata, a city famous for its warmth and kindness. We salute Calcuttans for their attitude and awareness, and recognize the vital role they play in the success of our endeavors.

Most importantly, we have never compromised on the quality of our service to the poor suffering animals of our city and elsewhere, which is after all the very reason for our existence.

Most humbly we dedicate this achievement to the compassionate souls across the globe, who have been our supporters since Compassionate Crusaders started out on its journey in November 1993 with a corpus of only One Thousand Rupees.

I take this opportunity to offer some necessary clarification regarding our Report on Activity & Financial status.

Donors & Supporters- As it would be next to impossible to mention our innumerable donors in cash & kind., we mention donors of Rs.5000 & above, or regular donors of smaller amounts. As also those who help in raising and maintenance of infrastructure and facilities for the animals in our care. Other supporters mentioned, include all well meaning individuals/groups/corporates who give us continuous logistic support and lend their expertise on the relevant issues in the course of our crusade for compassion.

Statement of Accounts - Some more clarification regarding our Statement of Accounts which reflects our financial activity. Statement of Accounts is prepared and duly audited, more in the format of the statutory requirement of the law of the land. At the first glance some expenditure may stare back at the beholder. As the 'bills' raised by essential services like telephone, electricity, fuel, vehicle repairs (mostly) have to be paid directly from the trust fund.

That apart there are varied expenditure which are directly settled by the donors, including food, medicines, infrastructure, maintenance which are never reflected in the 'financial' report. Whereas the assets created as well as fund saved by the 'direct' fund givers can not be reflected in the financial report either.

Transparency is our keyword, like previous years we are posting the financial and activity report on our website.

The truncated approach and a myopic focus of the human race are resulting in our losing humane values. The lives of millions of humans in developing countries can be improved substantially by preventing the source of the disease instead of spending several times more to cure the diseased people after they have been infected.

CCT's zoonotic concerns are getting real by the day. In the wake of three confirmed swine flu cases at the start of the year, the state health department has sounded a swine flu alert. It is no longer being called swine flu, because, according to the CDC, transmission is not taking

place from pigs to humans; rather from humans to humans on a seasonal basis. This year's seasonal flu is, in fact, H1N1 - the same strain as the swine flu was in previous years. 2015 Indian swine flu outbreak refers to an outbreak of the 2009 pandemic H1N1 virus[3] in India, which is still ongoing as of March 2015.

H5N2 avian flu goes pandemic in U.S. & Canada. More than 5.3 million birds have been killed in H5N2 control efforts in the U.S. and Canada between December 2014 and late April 2015.

Over 30,000 people are reported to die of Rabies in India each year. These are reported deaths. Many more go unreported.. Other common zoonotic diseases are T.B., Anthrax, Diphtheria, Encephalitis, Hepatitis, Leptospirosis, Cholera, Plague, chronic stomach ailments due to worms and many more.

There are over 40 zoonotic diseases of which animals are carriers. The lives of millions of humans in developing countries can be improved substantially by preventing the source of the disease instead of spending several times more to cure the diseased people, after they have been afflicted. Most of the people affected by zoonotic diseases are from the lower income groups. If the person affected is the bread earner, the whole family is ruined by the illness or death.

The regular pandemic of different zoonotic disease is a grim warning of the consequences of neglecting the importance of animal welfare.

Philanthropists and social workers (including the medical fraternity) seldom realize that to help the health and economy of a society, it is vital to focus on preventive (rather than curative) health care.

Diseases spread through earth, water, food and air. Even the milk of a diseased cow has ill-effects. A baby born to an emaciated mother who has worms can be born with brain damage. Instead of spending countless millions, can't we do some judicious planning to reduce the need for curing people; taking steps to keep them healthy instead?

Mr. K.P.S. Menon, our Patron for the last five years had sent a note. "You have done me the honours of associating with your selfless enterprise these many years. I do feel it is now time I stepped down so that you can have the services of somebody active in such a good cause. May I say, however, that my best wishes will always be with you and the Crusaders.

One of CCT's most sincere overseas supporters Dr. Manu Chandaria of Nairobi, Kenya has always been standing rock solid beside us. This year he has, very graciously, agreed to be our Patron.

As always, compassionate gesture by the most benevolent Calcuttans, Shri Basant Kumar and Dr.(Smt.) Sarala Birla had been continuing to encourage us by their unstinted support!

We deeply mourn the departure of our very dear and respected Saralaji Birla. We will miss & remember her till the end of time.

The media has been extremely supportive even though we could never offer them any thing other than our sincerity for the cause of compassion. As Mahatma Gandhi said, Mother Earth has enough for everybody's need but there can never be enough for everybody's greed! I would like to take this opportunity to thank all the media personnel whose innate sensitivity and skillful pens and cameras voiced needs of the mutes and the Compassionate Crusaders' endeavor in creating a kinder world.

The Hindustan Times' daily publication of Compassionate Crusaders' Animal Helpline is a real boon. As also The Telegraph's coverage of our emergency pet care in their Metro Guide. Many pets have benefited by this action of theirs.

The Animal lovers of Kolkata can boast of their city being the only METRO CITY in the country to have a 24 Hour "ANIMAL HELPLINE" in two prominent dailies!

Our regular activity update, including pictures will be available at the Facebook profile "Compassionate Crusaders Trust" which has enhanced it following by 500% or five times since it was launched three years back; along with related Blogs and Youtube channel, "ANIMALCRUSADER" created and maintained by our E-team.

We will continue to post our yearlong activity details and audited accounts on our Website and Facebook. Both the Facebook [www.facebook.com/animalcrusaders](http://www.facebook.com/animalcrusaders) & the Website [www.animalcrusaders.org](http://www.animalcrusaders.org) display the Videos of some of our activities apart from regularly updated photographs... we hope to keep on adding more!
